

Reading Workshop - Motivation and Enrichment

10 Inservice Points

Component No. 2 013 003

General Objective

1. Designing learning centers which can be taken directly into the classroom to help motivate the unmotivated or poorly challenged student in reading.

Specific Objectives

1. General overview on the current research on student motivation and learned helplessness.
2. Techniques using a reading portfolio which will build a student interest profile.
3. Provide a wide variety of materials and ideas for the development of learning centers in reading.

Activities

1. Teachers will be part of a Make and Take demonstration workshop to build as many reading learning centers as possible for immediate application in the classroom.
2. Lecture/Discussion

Evaluation

1. Pre and post test where applicable.
2. Assessment of the completed learning center: Does the center have an identifiable objective?
3. Participants will complete a workshop evaluation form.
