

Accommodations Training

20 inservice points

Component No. 4 401 003

General Objective:

To increase teacher awareness of the individual accommodations of each of their students and strategies for implementing them in their classrooms.

Specific Objectives:

1. To review student files and understand what to look for in psychological evaluations and individual education plans
2. Gain greater understanding of the terms and language used in psychological evaluations
3. To gain greater understanding of exactly what each accommodation looks like in the classroom
4. To learn strategies for implementing individual accommodations.

Activities

1. Presentation of each accommodation its: meaning, and specific use in class.
2. Discussion session sharing of techniques and strategies
3. Reviewing files to complete chart noting student accommodations, and pertinent information such as: glasses, hearing aids, if there is an IEP or EP, and etc.

Evaluation

1. Participation
2. Completed accommodation chart
3. Administrator classroom observation
