

Classroom Management - Teacher Effectiveness Training (T.E.T.)

60 Inservice Points

Component No. 5 404 002

General Objective

To develop skills in understanding students' behaviors, improving communication skills in the classroom, exploring issues of classroom discipline, and creating better teacher/parent relations.

Specific Objectives

1. Detect and respond to student misbehavior.
2. Establishing a proactive management stance in the classroom.
3. Recognizing that by meeting students' 5 needs (freedom of choice, fun, power, belonging, and survival) that a teacher can significantly reduce behavioral problems.
4. Use reflective listening, encouragement, send I-messages, and be aware of problem ownership.
5. Apply appropriate logical and natural consequences; use preventive techniques.
6. Plan and participate in fruitful P/T conferences.

Activities

1. Group-building exercise.
2. Skill-building exercises.
3. Role-playing.
4. Response to taped examples.
5. Practice in problem resolution.

Evaluation

1. Pre and post test.
2. Observed demonstration of competencies.
3. Participants will complete a workshop evaluation form
