

# School Re-opening Task Force

Inservice Points 30

Component No. 7 417 012

## General Objective

Based on research and study of expert guidelines, develop an achievable, student-centered plan for school reopening in response to current health and social challenges in keeping with the school's mission and circumstances.

## Specific Objectives

- Research, assess, evaluate, and propose protocols and policies to secure the safety and well-being of our students and staff members
- Research, assess, evaluate, and propose academic delivery scenarios for changing circumstances
- Research, assess, evaluate, and propose school schedules in light of best practices and changing circumstances
- Research, assess, evaluate, and propose grading and assessment policies

## Activities

- Attend and participate in task force meetings
- Complete and submit relevant research summaries to the committee
- Contribute to the final proposal

## Evaluation

- Attendance and participation
- Research summaries
- Final proposals
- FCIS evaluation form

Respectfully submitted,
